

Science-1A Students,

I like to pass out a great many printed handouts for use during Science-1A. Although pdf file of those handouts (named "PhysicsAndPracticeQuizHandouts.pdf and PhysicsColoredImages.pdf) are available from school Canvas System, I feel that viewing them on a phone or monitor is not nearly as effective as having printed copies. Fortunately, the school has agreed to print them and make them available for pickup.

They are available at the Herndon Campus with the following pickup instructions:

Thursday, August 6

Herndon Campus (follow signage for food pick-up)

11AM-2PM

Starting Monday, August 10, they are available at the main campus:

Main Campus (Welcome Center)

M-F, 9AM-4PM

Those instructions that I have been given imply that the Herndon pickup is only available today. Sorry for the late notice.

Science-1A Students,

Craig

I forgot to mention that you are required to wear a mask when visiting the school campus, and that applies when picking up the handouts.

Don't feel that you must hurry to pick them up, anytime next week should be fine.

Craig
