

Science-1A Students,

The lab notes for this week are at

<https://yosemitefoothills.com/Science-1A/OnlineLectureAndLabNotes/Week-04-Lab-Wednesday-September-1-2021.pdf> .

There is a bunch of reading and watching animated gifs, but you don't need to make any measurements. For credit for this lab, report that you did the things listed at the end of the above note.

Craig
