

Science-1A Students,

I have posted the lecture notes for September 17. They are at <https://yosemitefoothills.com/Science-1A/OnlineLectureAndLabNotes/Week-06-Lecture-Friday-September-17-2021.pdf> .

These notes have links to Crash Course Physics videos about the things discussed in Wednesday's lab.

At the end is a list of things to report doing in order to get a second credit for this week's lab.

Craig
